

ABC USERS SUMMIT

HEALTH CARE • INDUSTRIAL • MULTISITE

Westin Dallas Stonebriar, Dallas | May 18-20, 2022

The place contractors and project owners collaborate to improve the planning and delivery of high-value construction projects.

Communication and collaboration between project owners and contractors has never been more critical, as both navigate the challenges of supply chain issues, workforce shortages and more. Connecting like-minded partners who have a focus on safety, quality and process improvement is what the ABC Users Summit is all about.

Launched in 2013 with a focus on the industrial market, the Summit later expanded to include health care construction. This year, the Summit is expanding again to include a multisite track for contractors building or updating multiple sites for a single client across a wide geographic area.

If you are an ABC contractor or a user hiring contractors working in any of these market segments, you don't want to miss this **ABC Users Summit**.

Join us at the Westin Dallas Stonebriar Golf Resort & Spa, May 18-20. There are a limited number of sponsorship opportunities available.

Registration is complimentary for project owners and \$650 for ABC contractor members.

For more information, visit userssummit.abc.org or contact Betsy Strock at strock@abc.org.
