# Construction Technology and Innovation Lab Funding Campaign

The Construction Technology and Innovation Lab is committed to enhancing our workforce through pre-apprenticeship, apprenticeship, and craft training programs.

The Lab aims to provide members with a creative hub for the invention of new technologies, equipment evaluation, development, and hands-on training, with plans for expansion in the years to come.

This campaign will offer our members an opportunity to be a part of the solution to our skilled workforce shortage, while also showcasing their commitment to ABC.

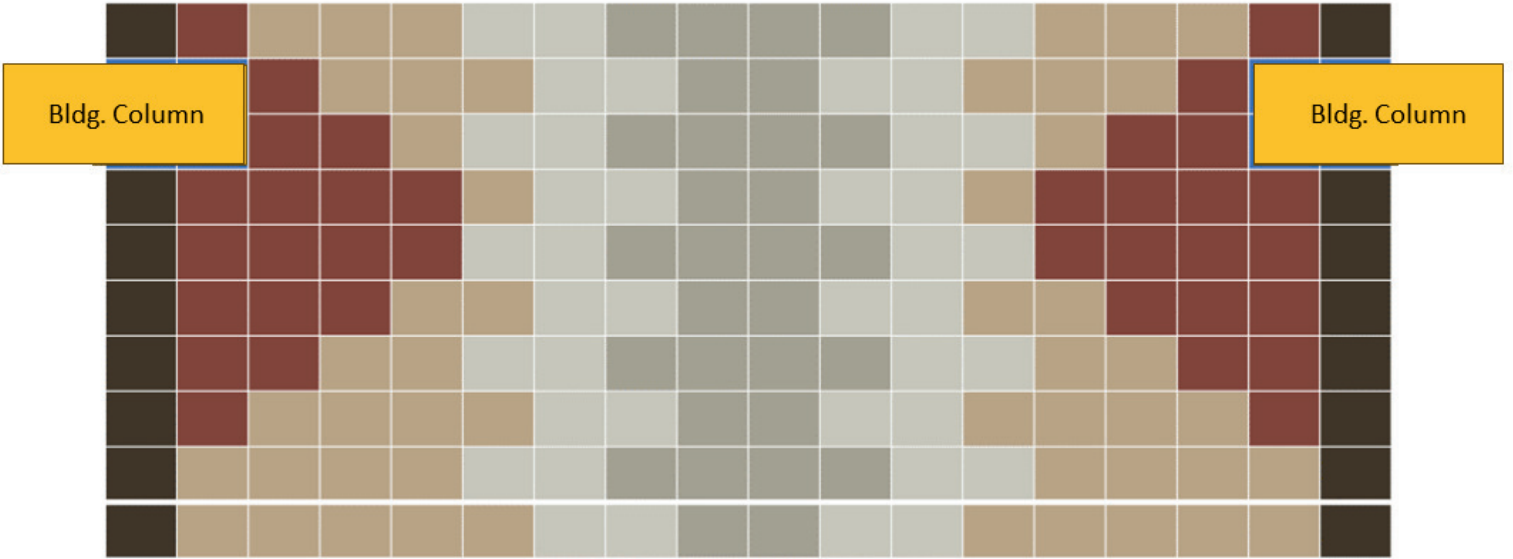

The lab will also be utilized by community partners for their youth & adult construction exploration programs!

# Construction Technology & Innovation Lab

*building the workforce one brick at a time*

Lock in your spot today and become part of the solution to our skilled workforce shortage! ABC CF is committed to building back our skilled laborers by providing a creative hub for the invention of new technologies, equipment evaluation, development, and hands-on training.

The Construction Technology & Innovation Lab will provide our members with the following:

- Cutting edge hands-on training for members and their employees
- An efficient training space and materials, to promote safety practices and positive work ethic
- Advanced training tech to increase worker productivity
