

# AIA ORLANDO/ABC GIVES BACK: MINI GOLF

TEAM BUILD WITH A PURPOSE

**WINTER PARK EVENT CENTER  
MAY 21, 2026**

The AIA Orlando /ABC Gives Back: Design/Build Mini Golf event is designed as a team-building activity where non-perishable food items are used to design and build miniature golf holes, play the course and then donate the food to Second Harvest Food. This collaboration between AIA Orlando and ABC Central Florida was created to promote teamwork, creativity, and community involvement. Teams will also compete for best design/build. The ultimate goal is to donate hundreds of pounds of food to families in need.

## HOW IT WORKS

- ✓ Teamwork and design: teams will design a unique mini golf hole, using canned and boxed food as obstacles and building materials
- ✓ Competition: After construction, AIA and ABC members play on the course built, voting on best design/build
- ✓ Charitable donation: The entire food supply used to build the course is then dismantled and donated to a local food bank.
