

# Jobsite Immigration Readiness Bootcamp

**Prepare for potential raids, audits, & enforcement activity!**

This two-hour online bootcamp offers construction owners and HR professionals guidance on immigration enforcement. It will cover:

- Enforcement exposure on construction sites, reasons for increased enforcement, and types of actions (raids, I-9 audits).
- A four-step response framework for government visits.
- A response strategy for the first hour of an enforcement event, including communication, warrant verification, access management, and employee support. Legal counsel involvement and project protection are also discussed.

Don't miss this opportunity. Whether you're a seasoned HR manager or a new project manager, this bootcamp will equip you with practical strategies and the latest information to navigate these challenging situations effectively. Register today and take a proactive step towards ensuring your jobsite is ready for anything!
